We are proud to present to you the revised Citizen's Charter of the City of Calamba. This collaborative effort is our testament in pushing *Ramdam na Reporma* in all government processes and services in the spirit of transparency, efficiency, and most of all, accountability.

Our citizen's charter is not only a document that outlines the services that our city government provides, but most importantly, it institutionalizes the standards of service that we expect to meet. It is important to have a citizen's charter because it helps to ensure that our government is transparent and accountable to the people it serves.

We are not only compliant with Republic Act No. 9485, but we take it with great commitment the essence of public service which is honesty and integrity. This government shall be a message of efficiency in governance. This means that our government should be effective and economical in its use of resources while providing quality service to Calambeños.

Sooner, as we envision Calamba as a digital and later on a Smart City, we will fully maximize the advantages of information and management technology as we digitize our operations. We are fully committed to this vision as we continue to streamline processes, reduce costs, and improve the quality of public administration.

I call on every government worker to uphold firmly and seriously carry out this citizen's charter as this is an essential tool in making our city a better place to live, work, and raise a family because we have the best government.
